GENNAIO 2018

VERDEVIP® S.R.L. è un'azienda Leader nella produzione di piante e alberi artificiali dal 1985. Grazie alla perfetta combinazione di alta qualità e prezzi competitivi vendiamo i nostri prodotti in tutto il mondo. Per le nostre piante e i nostri alberi utilizziamo tronchi naturali che vanno da 1,00 m. a 5,00 m. di altezza. I nostri complementi d'arredo e le nostre siepi sono tutte *Made in Italy* (dimensioni su misura). Importiamo piante e alberi di alta qualità con design italiano, prati e siepi artificiali, foglie, cespugli, vasi laccati, alberi di Natale e articoli natalizi. Appartengono all'ampia gamma dei nostri articoli anche le nostre Creazioni di Lichene e le nostre Pareti Vegetali. Viviamo per la felicità e il successo dei nostri clienti. Vogliamo essere la tua scelta per eccellenza!

Lo Staff di VERDEVIP®

VERDEVIP® S.R.L. has been a leading and established company in the production of artificial plants and trees since 1985. Thanks to the perfect combination of high quality and competitive prices we sell our products all over the world.

For our plants and trees we use natural trunks from 1.00 m. to 5.00 m. high.

Our furniture complements and our hedges are all *Made in Italy* (tailor-made dimensions).

We import high quality plants with Italian design along with trees, artificial lawns and hedges, foliage, bushes, lacquered planters, Christmas Trees and Christmas Items.

Among the wide range of our articles, our elegant Moss Creations and our Green Vertical Walls.

We all can confirm that we live by and for our customers' content and success.

We want to be your top-of-mind and top-of-heart choice!

Your VERDEVIP® Team

ERBA ARTIFICIALE ARTIFICIAL GRASS

La nostra Spine-Shape *Our Spine-Shape*

Quando state posando la Vostra erba artificiale, guardatela da vicino!

Il nostro filo Spine-Shape imita perfettamente la natura.

Come nell'erba vera, la fibra presenta una struttura spine-shape e un nucleo resistente, la "spina dorsale" del filo stesso, che permette ai fili d'erba di ritornare in posizione verticale dopo essere stati calpestati.

Il risultato è un prato incredibilmente durevole e realistico.

When you are handling your artificial grass, take a careful look at it!

Our fibre blade Spine-Shape perfectly mimics nature.

As with natural grass, the fibre has a spine-shaped structure and a robust core, the "backbone" of the fibre, which allows your grass to bounce back after being walked on.

The result is incredibly durable and realistic-looking grass.

La nostra Trilogia *Our Trilogy* Diamond-Shape + C-Shape + D-Shape

Il nostro prato Multi-Shape offre il vantaggio di una perfetta combinazione del filo Diamond Shape, del filo C-Shape e del filo D-Shape che rendono l'erba artificiale notevolmente durevole e le conferiscono un aspetto eccezionalmente naturale.

L'utilizzo del filo Diamond-Shape costituisce un'innovazione recentissima. Il filo Diamond-Shape è il modello più robusto e il più durevole. I fili d'erba, del tutto identici nell'aspetto e al tatto a fili di erba naturale, assicurano sicurezza e comfort.

I fili C-Shape presentano un'alta resistenza al calpestio e un'ideale durevolezza. I fili C-Shape permettono all'erba artificiale di ritornare in posizione verticale anche quando sottoposti ad una pressione significativa.

I fili D-Shape offrono un'eccellente durevolezza e un'incomparabile resilienza insieme ad un'ottima stabilità che assicura il mantenimento di una perfetta posizione verticale.

Our Multi-Shaped Turf offers the advantage of a mixed combination of diamond-shaped, C-shaped and D-shaped blades making your turf outstanding durable and giving it an exceptionally natural appearance.

One of the most recent innovations in artificial grass is the use of diamond-shaped yarn. It is the sturdiest and the most enduring model. Apart from looking and feeling just like natural grass, this yarn also ensures safety and comfort.

C-shaped blades have a high wear tolerance and an ideal durability. C-shaped blades allow the grass to stand up straighter under significant pressure.

The D-shaped blades offer excellent durability and incomparable resilience along with an extremely good upright stability.

Complementi d'arredo

Realizziamo numerose soluzioni per l'arredo esterno di giardini, piscine, Resort, bar e agriturismi. La struttura degli arredi è realizzata principalmente in EPS in alta densità e il rivestimento è realizzato con ERBA-FINTA modello FIRENZE da mm. 55. Entrambi sono materiali molto leggeri da sollevare e resistenti alle intemperie, ideali per ambienti esterni.

Furniture Complements

We realize solutions for outdoor furniture for gardens, swimming pools, resorts, cafés and agritourisms. The framework of the different furniture complements is mainly realized in high density EPS, the coating is made of ERBA-FINTA (artificial grass) type FIRENZE 5 mm. Both of them are very easily movable and weather-resistant materials, ideal for outdoor use.

Both "Made in Italy" items and "Import" items only include the normal pot

Ci viene naturale imitare la perfezione.

La natura è perfetta: crea atmosfere rilassanti e ambienti che rendono piacevole anche un'occupazione impegnativa. Con i suoi colori mette allegria e dona vitalità.

In VERDEVIP® riproduciamo le forme di questa perfezione, per dare la possibilità di provare queste sensazioni anche là dove la cura necessaria non è possibile.

In un ufficio, in un centro commerciale, in un negozio, in uno studio professionale, talvolta anche in casa, sarebbe davvero complesso allestire un arredo naturale al 100%: la manutenzione e la pulizia sarebbero eccessivamente impegnative.

VERDEVIP® ti offre la soluzione per arredare in forme naturali la stanza di casa, il tuo angolo di lavoro, il tuo negozio, il tuo spazio di accoglienza, il tuo ambiente professionale con soluzioni curate nel minimo dettaglio per farti apprezzare l'esperienza visiva naturale con la stessa varietà e inventiva che la natura ci offre.

Lo Staff di VERDEVIP®

We have always succeeded in imitating perfection.

Nature is perfect. It creates relaxing atmospheres and environments which make even the most demanding occupation become pleasant. With its colours it cheers up and gives vitality.

VERDEVIP® can successfully reproduce the forms of this perfection and gives the chance to experience these feelings even where the necessary care is not possible. In an office, in a mall, in a shop, in a professional studio, sometimes also in the house, it would be complicated to set up 100% natural furniture. Maintenance and cleaning would be excessively demanding.

VERDEVIP® gives you the solution to furnish natural forms in the rooms of your house, in your working spot, in your store, in your reception area, in your professional environment offering a range of solutions treated in detail which will make you appreciate the natural visual experience displaying the same variety and inventiveness that nature offers us.

Your VERDEVIP® Team

WE MANUFACTURE HANDMADE

Artificial plants and trees with natural tropical trunks and washable leaves - geometric topiary (spheres, cones, hedges, walls, portals, chairs etc.).

Ristorbar L'Ulivo - Camorino, Svizzera

Collaboriamo nel progettare prati, siepi, fioriere e alberi di Natale per grandi aree. Siamo leader nella realizzazione di piante e alberi artificiali con tronchi tropicali naturali di qualità, sia per la lunga esperienza che per le avanzate tecniche di lavorazione e i materiali utilizzati. I tronchi provengono da ogni parte del mondo e sono trattati per durare nel tempo. I rami, con le foglie in tessuto lavabile, sono flessibili per consentire di personalizzare la forma della pianta e conferirle maggiore naturalezza. I vasi in plastica sono completi di muschio e terriccio nero ben saldato. Su richiesta realizziamo anche piante particolari.

We collaborate with you on designing grass, hedges, planters and Christmas Trees for large areas. We are leader in the realization of artificial plants and trees with first class natural tropical trunks thanks to both advanced manufacturing techniques and carefully selected materials. The natural trunks come from any part of the world and they are treated to last for a long time. The branches with their washable leaves are flexible allowing you to personalize the shape of your plant making it look natural. The plastic pots are provided with moss and compact topsoil. Upon request we also manufacture characteristic plants.
